Honeymoon the Natural Way

An unforgettable nature-oriented honeymoon, taking you to see the fiery spectacle of Volcano Arenal, enjoy its hot thermal waters, see the wildlife refuge in the very north of Costa Rica, and then finish by the Pacific Ocean.

Breakfast at hotel. We will take you to Arenal in a trip of approximately 3 hours. There, you will have the opportunity to see the majestic: Arenal Volcano, one of the most active volcanoes in the Americas. In this area, you will feel the ground tremble and see the night sky explode with ash and lava in a natural display of fireworks (if the weather conditions allow it).

Then, you can visit the hot springs of the volcano, where you can relax in the soothing water and be caressed by the cool night air while observing the stars and the incredible night sky above the volcano. We suggest that you have a splendid dinner at the Tabacón Resort (This meal is not included). This is an evening you will absolutely not want to miss during your trip to Costa Rica. Overnight at the Tabacón Lodge or similar.

You will have a light breakfast very early in the morning. Your river adventure includes a 4 hour floating safari through Tropical Rain Forests and pastures until you arrive at the marsh. This trip also includes a homemade picnic. In the evening you can return to Tabacón Resort Hot Springs to enjoy again of this relaxing place. Overnight at the Tabacón Lodge or similar.
